# FOREWORD

SCHOOL days are splendid days. Yet how rapidly they drift by, taking with them to bury forever in the past some of the happiest and most pleasant experiences of our whole lives. In order to preserve some of the tender memories, to keep alive the valuable friendships formed during these years, and to depict the significant events that have transpired during the past year, we, the staff of 1937, have published this book. It is our hope that in these pages we have succeeded to some degree in realizing these aims.

# DEDICATION

In grateful recognition of one whom we admire as a sincere friend and a thorough and conscientious instructor, and as a token of appreciation for her advice and services which proved so helpful in the preparation of this book, we respectfully dedicate this fifteenth volume of the AURORA to

## Message From The Principal

**A**NOTHER year has elapsed. Another class in our school is about to graduate. This class has laid the foundation on which it will build a service. Some have completed the plans for their life work, some are now trying to make this all important decision, while others have overlooked the fact that some plan is necessary to live a successful life. What is our plan or what is our plan going to be? Have we analyzed our own preparation in light of what we are planning to do? Has the training we have had contributed to providing us with the proper tools and personality with which to do the work which will be required of us? These and many other questions come before us for careful consideration.

The one question to be answered by each of us concerns our own point of view, dealing with the question of leadership, as well as the question of being a follower. Have we developed our whole self is the first part of this question. We have learned something of the physical world in which we live. We have discovered certain laws of nature which operate to the welfare of mankind. We have also observed certain economic cycles which in a measure determine man's activity. This side of our development thus far has a good foundation. We are now using this information in our daily living.

Another side which needs to be carefully developed is that dealing with the attitudes which we form toward the different habits and traits involved in the making of a good citizen. Most of us appreciate these traits and are interested in improving them. We should not forget the fact that we are continually growing. We should keep these attitudes always in mind. We should be continually analyzing our own conduct or response under different circumstances to determine whether we have developed the proper attitudes. By means of repeated analysis it becomes possible for us to develop our behavior. We can make our behavior under different circumstances comply more and more with our ideal of what we should be either as leaders or as followers.

It may be emphasized that during the present times a personality is required which has been well disciplined to cope with the changing problems. This fact in itself would be sufficient reason why we should be continually developing our attitudes to encompass every avenue of our activity. We know new problems will develop. They always have developed. We should be on the alert to improve ourselves so that we can meet the new as well as the old problems in the very best way possible. Success will come, not in the amount of money collected, but in our service to others.

## Class History of 1937

A TRAIN carrying 45 passengers started for station "Knowledge" on October 2, 1933, at 8:45 A. M. Frederick Dove was chosen engineer; Elsie Cook, brakeman; Wilda Hollen, mail clerk; and Cabell Shull, conductor. Mrs. Ikenberry was manager of the railway company. The aim of these passengers was "To make the Better Best." They chose blue and white iris as their flower and blue and white as their colors. The passengers had a very delightful party on April 19. In May they came into a terrific storm of examinations and immediately afterward stopped for a short rest.

In the fall of 1934 the train started again. This time there were about 65 passengers, a number of new ones having come from Pleasant Valley, Mt. Crawford, Briary Branch, Spring Creek, Timber Ridge, and Port Republic. The group chose Evelyn Suter as engineer; George Lequear, brakeman; Charlene Rhodes, mail clerk; and Frederick Dove, conductor. The management was turned over to Miss Cora Click. As there were so many new passengers, it was decided to have a "get acquainted" party. In the spring another party was planned. And soon another examination storm appeared.

The fall of 1935 found the train carrying 46 passengers on their way. Frederick Dove was recalled as engineer. Jimmie Dickson was brakeman; Catherine Craun, mail clerk; and Quayle Early, conductor. Mr. Glick had the position of manager. The passengers had a jolly time at a backward party April 1. It was necessary to take another rest after coming through the second storm of the year and the sixth storm since starting.

However, after about four months 41 passengers set out on the last lap of their journey. The goal was now in sight. From the beginning they had been trying to make the better best, but it was necessary to work harder the last part of the journey than it had been the first. John Evans Bowman was engineer; Evelyn Suter, brakeman; Elsie Cook, mail clerk; and Catherine Craun, conductor. Mr. Glick retained his position as manager. As the train passed "Lover's Leap," the passengers stopped long enough to have a watermelon-ice-cream party. Now they have at last reached station "Knowledge" after four years of hard and difficult traveling, but the passengers succeeded in reaching their goal only through the able and willing assistance of Mr. Suter. "To make the better best" has been their motto in the past and shall continue to be in the future.

Famous bicyclists arrive from one of their daily trips at lunch.

Elsie and Mary Lee invent a new place to study—and laugh.

Don't try to fool us, we know you aren't studying.

Red and white, but where is the blue?

Heads across their shoulders, Mary and Margaret say "Huh?"

Cabell is doubtful about that statement Mr. Unknown has made.

Famous couple arrive from the lunchroom.

They play together, study together, laugh together. Violet and Wilda are inseparable.

Sorry girls. I'm going the other way.

Bashful Joe between two Hazels. A Hazel nut??

Dewitt Carrier gives advice free of charge.

"Going up?" asks Ruth.

Six day bicycle riders stop long enough for a picture, or can they ride those bicycles?

Peep—we see you!

Big fight is put on with Paul Miller as referee. (He sticks out his tongue to make them angry.)

Stair steps! Who is India looking at?  
Three guesses.

Friends star in a big fight.

Girls, girls, spare that pole!

Triplets. Three is a crowd.

## Class Prophecy of 1937

I WAS wandering aimlessly through the library in the court of the King of Mars seeking some new adventure. Suddenly I saw a new book among the vast volumes, which seemed to beckon and challenge me to delve into its mysteries. Its cover reflected the mystic blues and purples usually found only in the Arabian Nights. Its pages were of soft, glimmering gold and silver. Slowly I approached it, and then, summoning all my courage, drew aside the cover and glanced within. Soon I found that this was no ordinary book, for page after page revealed interesting glimpses of the members of the Senior Class of '37 at B.H.S. on Earth!

Page 1. A smooth doctor, our own Frederick Dove, viewing with dismay the remains of Dewitt Carrier, who was formerly Heavyweight Champion of the World.

Page 2. Capitol Square in Washington, D. C., and the Honorable Cabell Shull, Democratic Senator from Virginia, delivering his oration on "Our Country and Its Faults."

Page 3. Paul Miller, still the ladies' man, in the "Love 'Em and Leave 'Em" night club in Paris.

Page 4. Henryetta Heltzel in Hollywood going over her lines as the star of the new movie, "The Preacher and His Wife."

Page 5. Evalene Earman as principal of the school of "Freeze and Thaw" for the "cracked and frozen" in Alaska.

Page 6. Erva Hussey in merry England, chief advisor for "Girls Who Will Succeed."

Page 7. Fleeting glimpse of Sylvester Taylor, now a well established member of the "Hit and Dodge Marathon Racers," with Lucille Thacker riding along to keep him company.

Page 8. A radio broadcast on "The Fun and Trouble of Being Small," with Virginia Rodgers as speaker.

Page 9. A school established by Hazel Hinegardner for the purpose of guiding the "Wild and Woolly" in the channel of the "Dignified and Reserved."

Page 10. Madeline May (need I say Burgess?) completing her illustrated books on "Chevrolets, Donalds and How to Run Them" and "A Personal Interview With Donald Duck."

Page 11. Amid dazzling splendor, Charlene Rhodes in her "School of Charm," giving complete instructions on "Having and Retaining a School Girl Figure."

Page 12. An experienced cowboy, Joe Foster, dashing in pursuit of a wild cow.

Page 13. Hensel Baker rehearsing his role as the bold, bad villain.

Page 14. Our blond Winfred Shiflett hard at it, learning the lines for his role as Gene Raymond's double.

Page 15. Marjorie Eye in a homey atmosphere, her discarded college books in one hand and a new dishpan in the other.

Page 16. A lovely landscape in Spain, a beautiful picture, and an artist, Neva Bassist, of course, at work on another scene.

Finding myself at the end of the marvelous book, I reluctantly closed the cover. The next day I returned to learn again of my friends who were scattered in the different corners of the earth, but to my dismay, I found only a dull book in place of the "Mystic Eye."

## Jolly Juniors

Those Juniors up there at Bridgewater High,

They're happy in work or play;

They never frown or nothin' like that,

They're always jolly and gay.

They never frown at hard lessons,

Boy, they keep a stiff upper lip;

But when the teacher leaves the room,

They sure let the paper wads slip.

They have a very large class this year,

They're sure a bunch of clowns;

They can't behave and they always smile

To help drive away the frowns.

They take part in the high school plays,

They take part in the sports and games;

They have members on the baseball team,

But I will not mention their names.

Now if you're a Junior and don't appreciate it,

You don't know when you're blessed;

But you'll wake up as time goes by,

And then you'll be like the rest.

## When Desks Talk

As we were about to enter the Freshman Room one day, we heard our desks discussing things they had heard us say and had seen us do. Some of the most interesting things were:

Rohe Wandless—"Let me see. I've got a smart head when I want to use it."

Paul Jones—"Owh!" "Wimpy" has a ruler and does he like to punch people with it.

Libby Wandless—"What did you say?"

Warren Shifflet—Usually makes a disturbance, but one day things grew monotonous and he even dozed off to sleep in Social Science Class.

Homer Miller—Never says much of any importance but excels in making faces.

Shelby Layman—"Get your spelling book." Shelby's book never has his lessons in it.

Ruth Miller—"Oh! don't you know he came over last night!"

Charlotte Wine—"Hello." Charlotte is very polite and speaks to every one but otherwise she hasn't much to say.

John D. Gordon—Usually sits quiet unless he can think of some mischief. We think he's dreaming.

Hanson Crowder—Every one seems to like Hanson and they especially like to hear him talk because he rolls his "R's."

Geneva Shirkey—"What answer did you get for problem 13?"

Violet Spitler—"Was the Science test very hard today?"

Warren Lee Spitler—I heard somebody call Warren "sweetheart" and did his face get red.

Ellwood Whitmore—"Ellwood, you must stop talking."

Dorothy Branum—Hasn't much to say but let someone mention a certain boy's name and watch her face.

Harry Glover—"Oh, bah!"

Charlotte Graham—"Is that so. I didn't know that."

Ashby Patterson—"Being it is you, you may use my pencil."

Harry Lee Stover—"May I borrow your eraser?"

Harold Casady—"Where's Pope?"

Junior Pope—"Aw you reckon?"

Dwight Miller—"I don't have my English finished yet."

Bennie Hottel—"Aw shut up."

Hobert Bodkin—"Well, I didn't know we were supposed to do that."

Erma Simmons—"Aw shucks, you're goofy."

Louise Puffenbarger—"Oh yeah!" "What you doin'?"

Janet Evers—"May I borrow some ink?"

Wilda Layman—"Me too."

Eleanor Huffman—"Mrs. Bowman." "No, Miss Bowman," sings the class.

Robert Bailey—"What do you think?"

Leon Jones—"Oh yeah." And can we see the mischief sticking out on all sides.

James Puffenbarger—"Uh!" Otherwise he hasn't much to say.

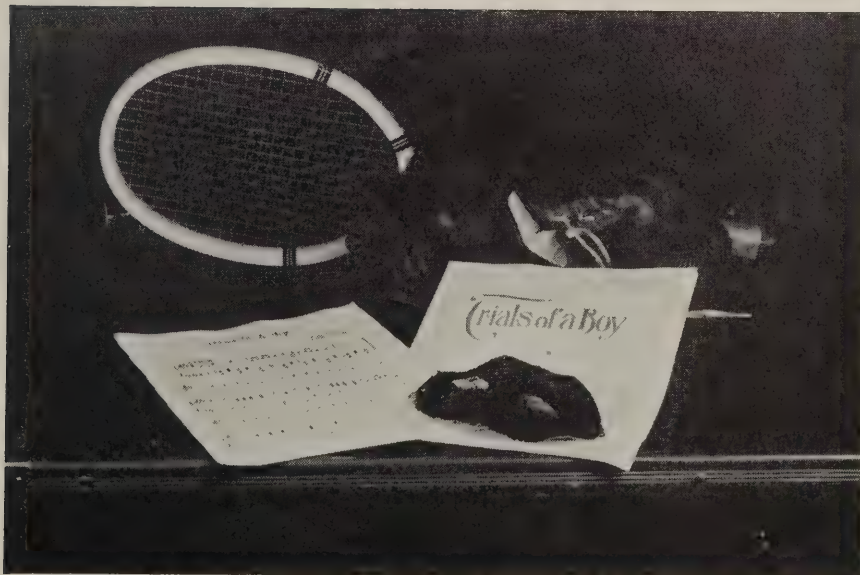

Genevieve Wean—"Oh. I don't know."

Glen Simmons—Never says much but he sits quietly as though dreaming.

Ruth Simmons—"Aw shoot."

June Cromer—"Really, is that so?"

The Choral Club has held weekly meetings since its organization in the fall. The club has aimed to develop music appreciation and to teach its members part singing.

This organization presented a public musical program on March 19, consisting of selections arranged for the entire group, quartets, girls' choruses and solos. Hawaiian music, furnished by Mr. Cline's students in Hawaiian guitar, and a folk dance, directed by Miss Boaz, concluded this program. The Choral Club has also sung for the April meeting of the P. T. A.

As the Hiking Club was too large to hike in a group, it was divided into four groups each with its own captain. The club took as its objective to hike a minimum of twenty-five miles during the year. Groups 1 and 3, led by Sylvester Taylor and Allen Orebaugh, respectively, hiked together, and Groups 2 and 4 under Woodrow Landes and Harry Casey, respectively, alternated hikes with them.

During the winter months when the weather was unfavorable for hiking, the club adopted such hobbies as coin, letter, and stamp collecting, handicraft, handiwork, working cross word puzzles, collecting rocks and classifying them, and soap carving.

This, the first year of affiliation with the state organization, has been a very successful one in many respects for the Girls' Hi-Y Club.

An Induction Service was held December 15 with Dr. James W. Wright of Harrisonburg in charge. After this inspirational meeting the girls were encouraged to undertake various activities that might help to carry out the organization aim to "create and maintain throughout the school and community a high type of Christian character."

Two of the most successful projects worked out were on flood relief and sportsmanship.

February was observed as Bible Study Month, at which time Rev. Horace Lequear led in the discussion of "What It Means to Be a Christian."

Among the minor activities participated in were preparing Thanksgiving baskets, presenting an assembly program, and giving a social for the parents of the Hi-Y girls.

Another source of inspiration was the District Conference at Staunton. The delegates to this meeting were Jean Pope, Ruth Coffman, Della Miller and Miss Bingham.

The club this year has merited the Gold Seal Certificate.

Since this was the first year for the organization of the Boys' Hi-Y Club, it has not participated in many activities. However, these few have been quite worth while.

Together with the Girls' Club an Induction Service was held December 15 with Dr. James W. Wright of Harrisonburg in charge. Hi-Y ideals were very effectively presented.

Bible Study Month was observed in February when Rev. Horace Lequear led in discussion of "What It Means to Be a Christian."

Two other activities were presenting a program in Assembly and giving a social for the parents of the members of the club.

It is hoped that this may be the foundation for a strong club next year.

The Bridgewater Chapter of Future Farmers of America has a membership of 21 boys. The organization for 1936-1937 was effected at the beginning of the school session and the above officers elected. Objectives were set up.

The following constitute the principal enterprises carried on by the boys: Baby chicks, laying hens, sows, pigs for pork, dairy and beef cattle, sheep, corn, wheat, potatoes, garden, barley.

Besides the home enterprises, shop projects were carried on in the school shop. Stools, shelves, lawn chairs, step ladders, and saw horses are among the articles made of wood. Tin and iron work was also conducted. The shop is being altered to include a tool room in which the tools are handily arranged. Some much needed tools were purchased to help make the shop work more effective.

Several very worth while field trips have been taken. One trip was conducted for field selection of seed corn. Culling and judging poultry was practiced by the classes on nearby farms. Several trips had for their purpose the judging of dairy cattle.

The recreational and social activities have been the following events: Picnic, Father-Son and Mother-Daughter Banquet, Radio Program, Assembly Program, monthly meetings, B-A-R Federation meetings, and B-A-R Federation Banquet. The Chapter has enjoyed the opportunity of more time for business meetings and planning by the forming of the F.F.A. Club.

Some activities for the summer are Rally activities, Educational and Farm Tour.

## Girls' Basketball

**A**LTHOUGH our girls' team this year did not win many games we could hardly call them unsuccessful because of their splendid sportsmanship and co-operation. We feel that much credit should go to Miss Cox as their coach because of her untiring efforts.

Their season started when the Wildcats met with Woodstock on January 8. Although the game went for Woodstock, our girls showed excellent team work. The score was 23-19.

On January 15 Weyers Cave High held the girls to the score of 16-13, in a hard fought game played on the former's court.

The B. H. S. girls were visited by the Harrisonburg High School girls January 19, Harrisonburg winning 24-19.

Continuing their pace the team competed with the Shenandoah athletes, but again our girls were bested, the score being 14-11 in favor of Shenandoah.

On January 29 there was a merry scramble in the B. H. S. gym when Broadway was defeated by our girls to the tune of 27-21.

Again, however, on February 9 the Bridgewater girls met with the Broadway team, this time being held to a 22-13 score in favor of Broadway.

Shenandoah returned their game, coming here on February 12, our athletes driving the Page County girls to an 18-10 defeat. The girls were not quite strong enough though, when they met with the lofty ladies from Waynesboro, on February 18. The score was 29-11 in favor of Waynesboro.

On the eve of February 23 our dashing Wildcats returned their game with Harrisonburg. It was an interesting game, the Bridgewater girls showing fine team work, but they were unable, however, to keep their superiors from scoring a 34-7 victory.

Our girls proved their splendid ability in the last game of the season which was played with Weyers Cave High. This game took place February 23, and the season ended with a victory of 21-17 in favor of the Wildcats.

Unlike the boys, the girls will lose three of their first team players through graduation. Although we shall miss their splendid team work, we look forward to having a strong team next year.

## Boys' Basketball

THE boys' basketball season with Mr. Glick as coach proved to be a very successful one. Their first contest began when they met with Woodstock High School on January 8, the game resulting in a 17-15 victory for Woodstock. However, our boys were not to be held down, for on January 12 they again challenged the Woodstock five, this time coming out victorious with a score of 27-15.

On January 15 the Wildcats continued their scramble when they visited the Weyers Cave team, this time being defeated by the small margin of 25-22.

On January 19 the Blue Streaks of Harrisonburg clashed with the Wildcats on our home court. Although the Wildcats put up a strong fight, the Blue Streaks defeated them 24-16.

January 22 proved another defeat for the B. H. S. Quint when the Lee-High boys led them to a 37-21 defeat, but again our boys covered their defeat, when on January 26 they visited the Shenandoah basketeers, overcoming them 24-22.

Broadway, long time enemies of the B. H. S. teams, met with the Wildcats here January 29. The B. H. S. boys again were victorious, coming out with a lead of 22-12.

On February 2 a combat with V. S. D. B. of Staunton resulted in a victory of 24-21 for our opponents.

The Lee High Quint again met with the Wildcats on February 5, losing to them by a score of 20-19.

On February 9 in a return game with Broadway they fell to a 28-26 defeat. However, on February 12 they came out triumphant over the Shenandoah team, the score being 28-17, and again they led the pace as on February 19 they captured a victory of 24-15 from Waynesboro.

February 20 was indeed an eventful day for our boys when they entered the county tourney at Dayton and won second place.

The Blue Streaks again proved themselves foes to the B. H. S. Quint as they tore to a 24-12 victory over our team.

The V. S. D. B. boys played a hard fought game against the Wildcats on February 26, but this time our boys were victors with a score of 19-11.

The last game of the season proved a fast and exciting one, as the Wildcats scored a victory of 33-16 against Weyers Cave High.

This year the team will lose only one of its players through graduation. Therefore we shall expect great things from it next year.

## Baseball

Due to the fact that the AURORA goes to press before the baseball season is in full swing, the outcome of the season is hard to determine. However, we feel that much success can be expected from the team this year with two letter-men as a nucleus, and with Mr. Glick as coach. We also have high prospects because of the large number of recruits, in addition to the letter-men, responding to the coach's first call for practice. Our material this year is light but capable. Therefore, it seems fitting that our prospects be summed up as "light but bright."
